# innovative openR panorama screen

**With its three seamlessly integrated 12.3" panorama screens, indulge in new perspectives for an immersive experience. Access driving information via the cluster and control your main car settings through the central touchscreen. Extend your journey with an additional digital surface<sup>(1)</sup> focused on passenger comfort and entertainment.**

**Enjoy a large head-up display<sup>(2)</sup> and access key driving information, without ever taking your eyes off the road.**

(1) option on techno and iconic.  
(2) on iconic.

# cutting-edge multimedia experience

openR panorama screen delivers an enriching and entertaining experience for passengers, spread accross x3 12.3" screens. Central and passenger screens are touch-sensitive and can be customised in the same way as a smartphone. Access your favorite applications such as navigation, podcasts or phone through smartphone replication.

A new dimension of travel: a digital surface dedicated to the front passenger allows them to browse the web or watch video content<sup>(1)</sup> quietly thanks to a wireless headset connection. For a more personalized experience, passenger and driver can set-up their own settings such as seat adjustment or air conditioning control.

(1) dataplan not provided. an external hotspot connexion is required to access cinema app & other streaming contents.

## optimal comfort

**Intelligently distributed space for enhanced comfort. With 320 mm of knee space and 927 mm of headroom in the rear, new Renault Koleos leads its class in terms of roominess. For optimum convenience, take advantage of two USB-C ports to recharge your devices.**

**Whether you're the driver or a passenger, enjoy ergonomic seats, efficient and adjustable 3-zone air conditioning. With its panoramic sunroof<sup>(2)</sup>, new Renault Koleos provides unparalleled brightness without compromise on thermal and acoustic comfort.**

**Store all your items with the 27L of well distributed storage space throughout the cabin. The 589L trunk volume expands your possibilities.**

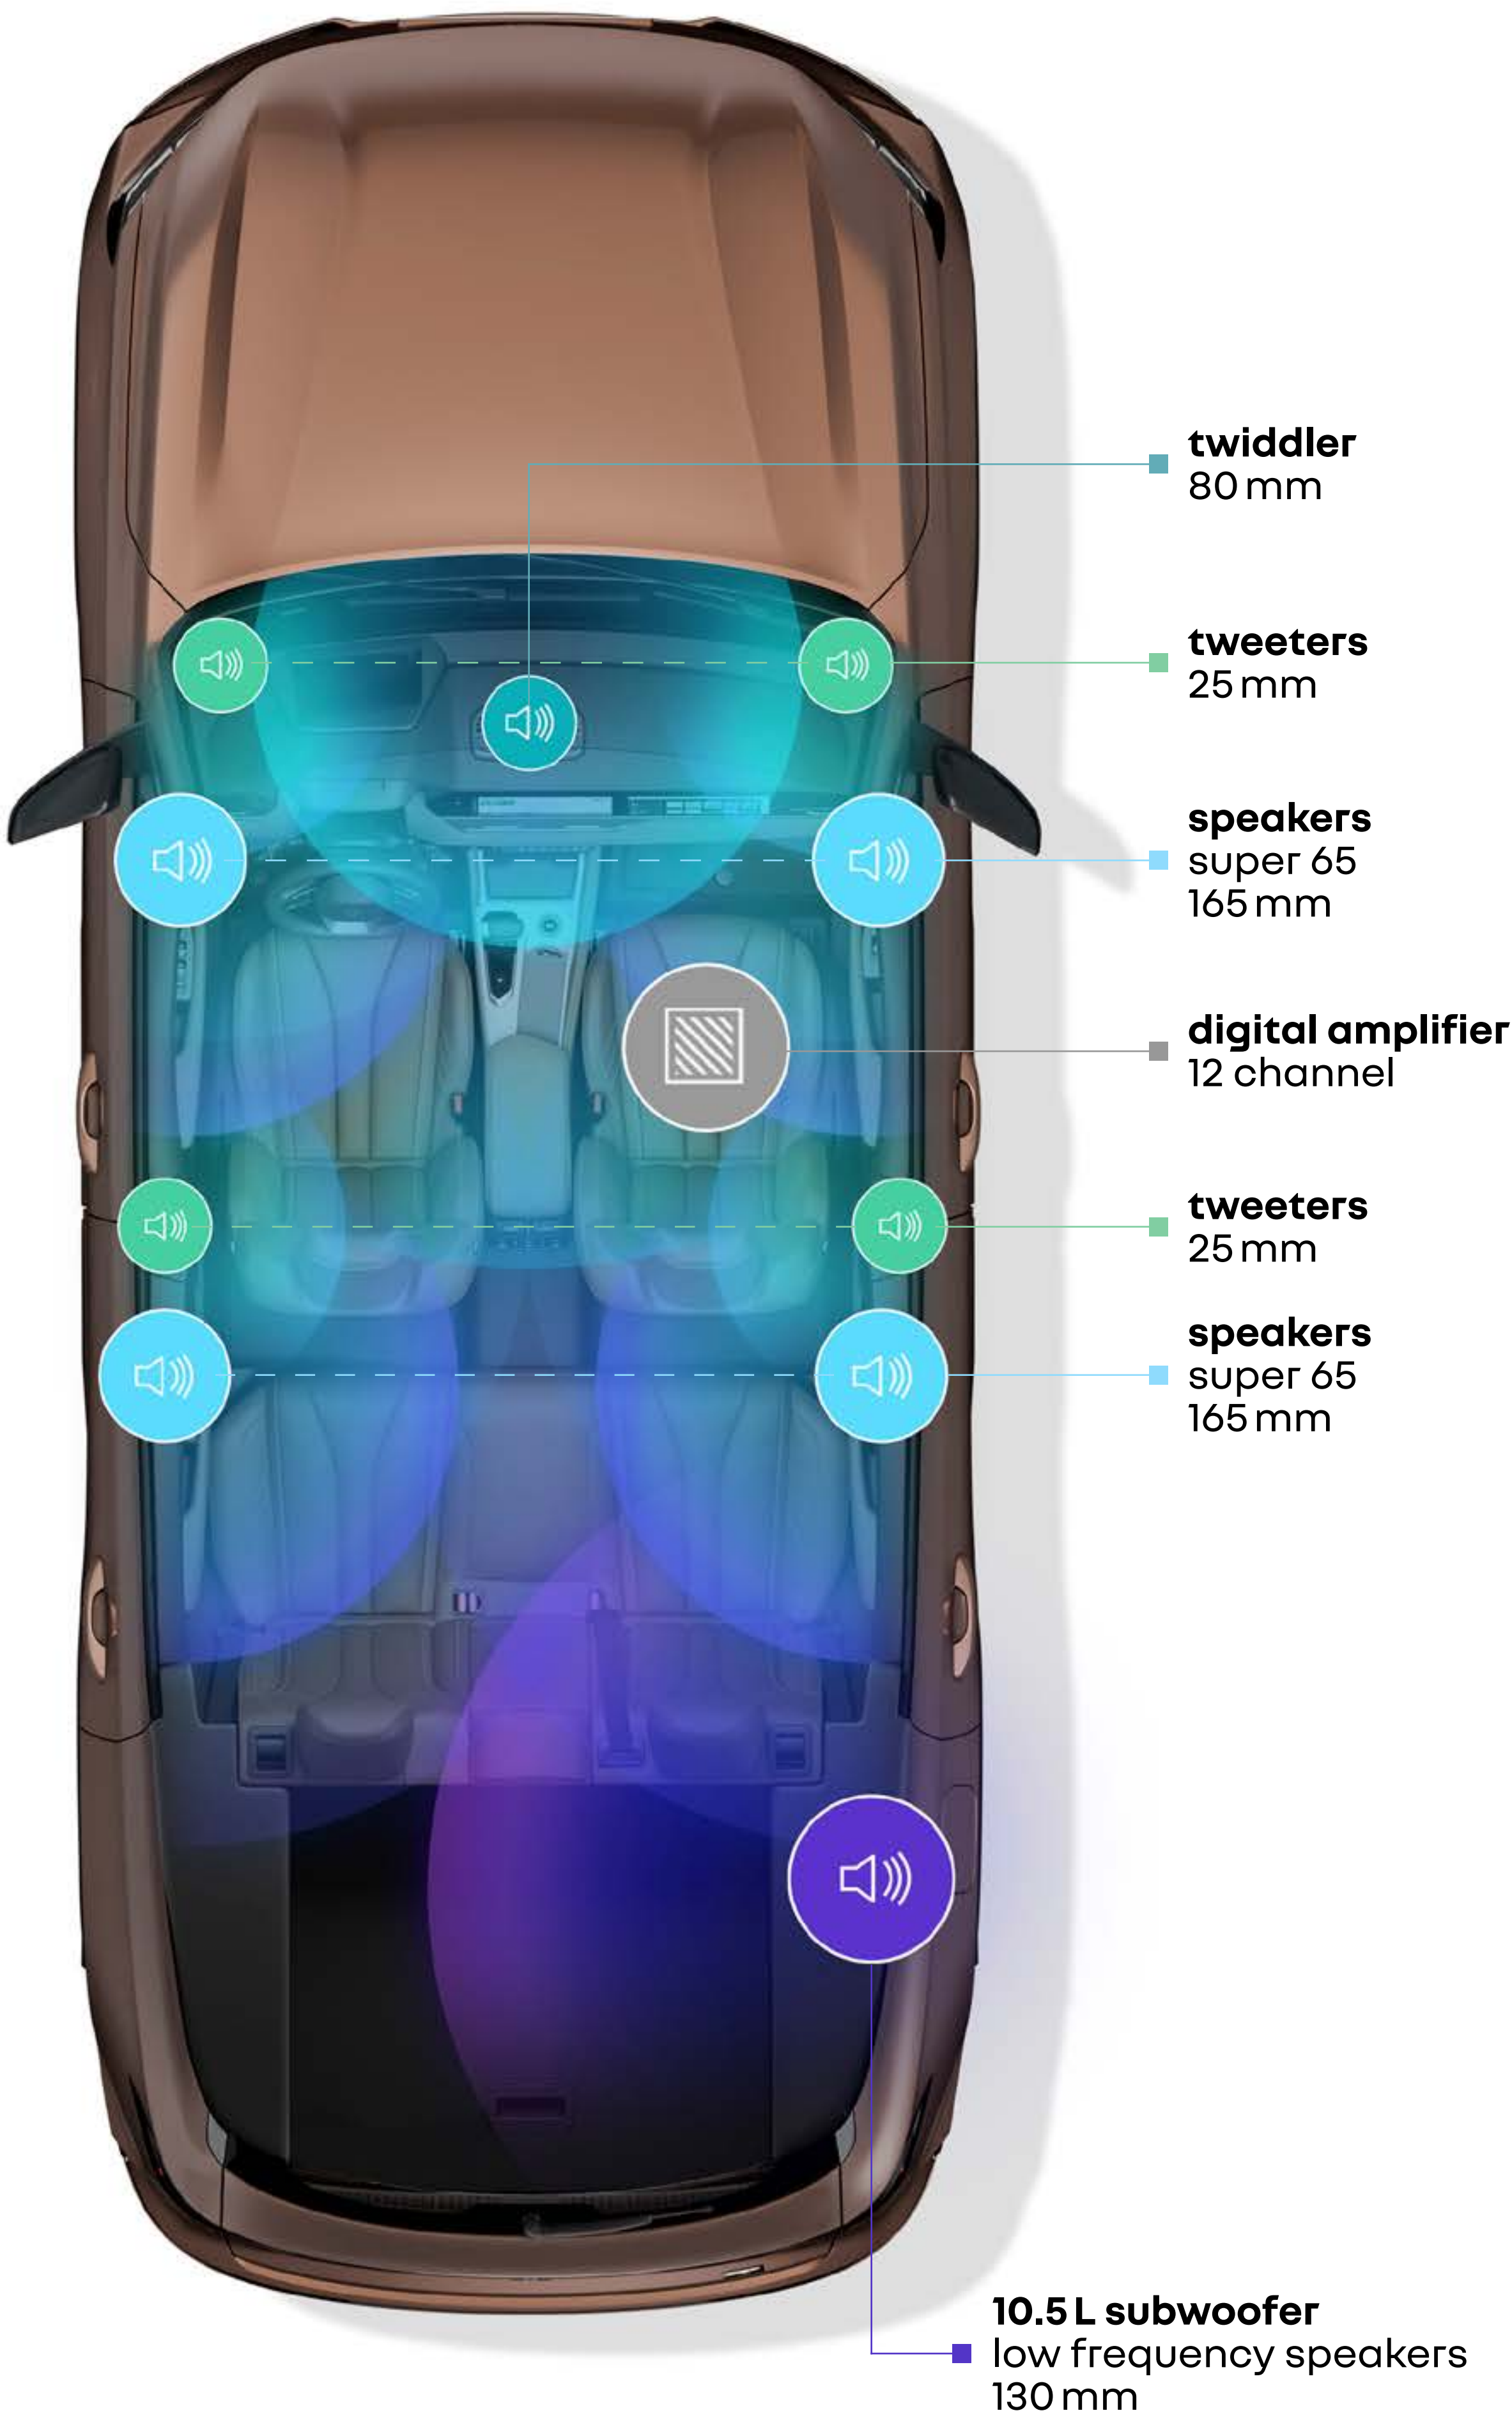

(2) option on iconic and techno.

# sound emotion with Bose®

Experience an immersive sound system comprised of 10 premium speakers strategically placed throughout the cabin. With exclusive Bose® technology<sup>(1)</sup> and active noise cancellation, enjoy music as if you were in the front row of a concert<sup>(2)</sup>.

(1) available on Iconic. (2) best in class NVH performance with active noise cancellation.

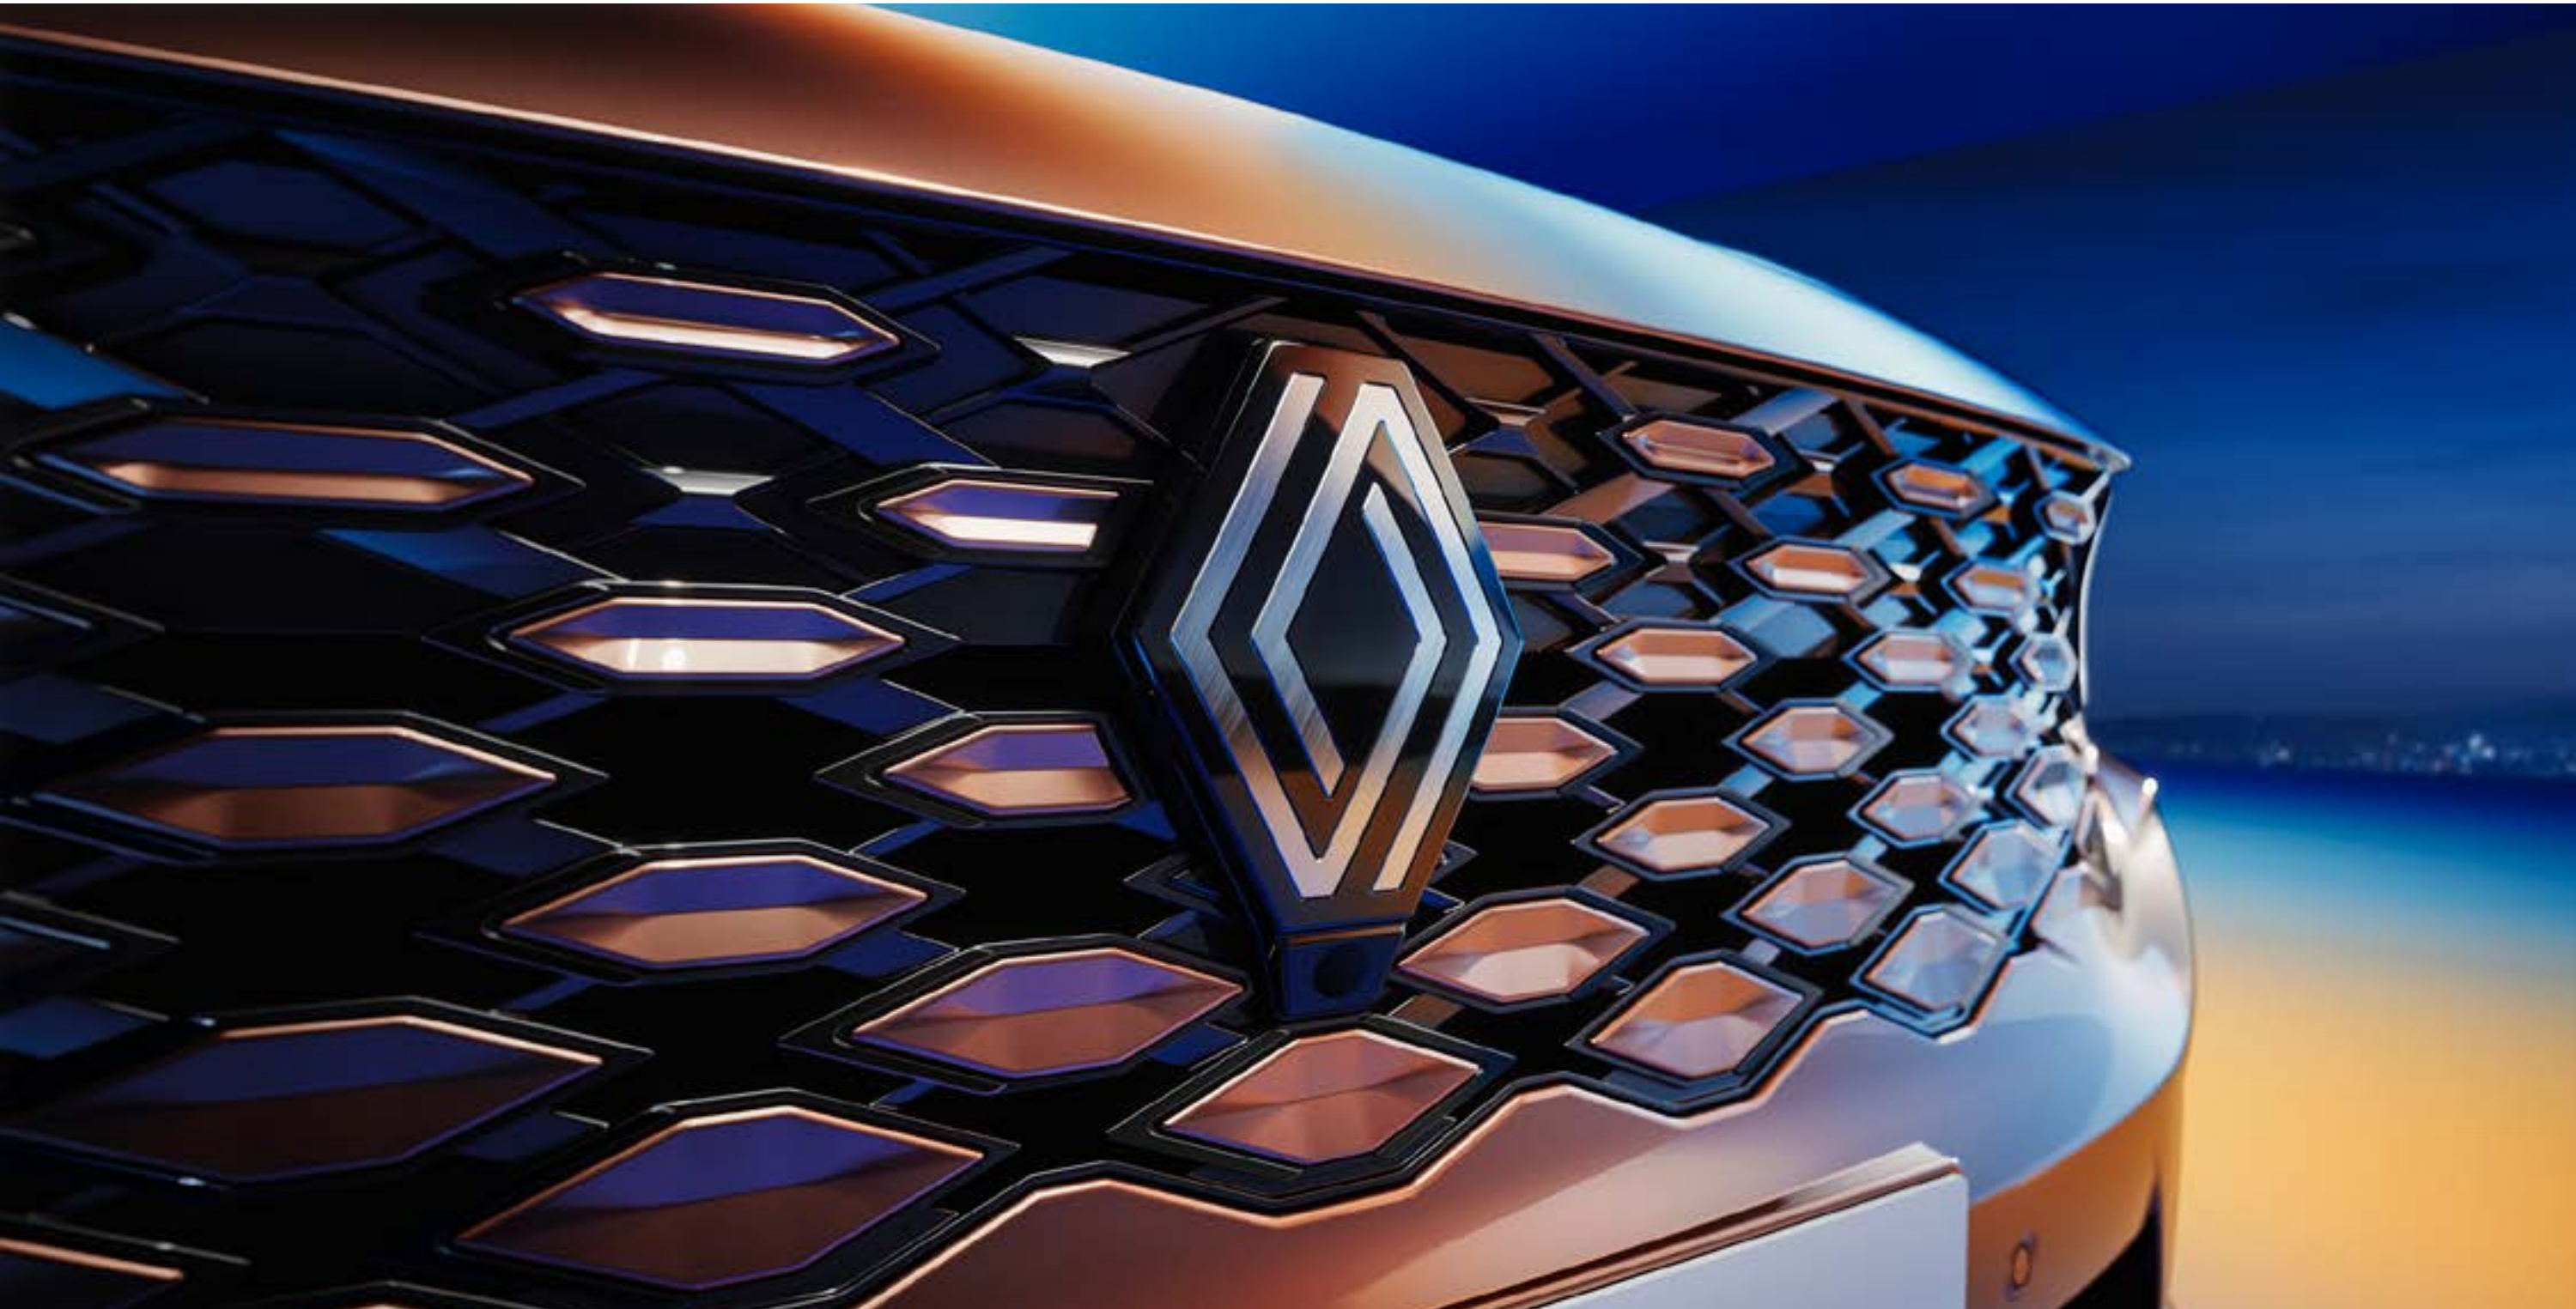

## the power of design

Featuring a signature grille stamped with the brushed aluminum Renault logo, a mineral copper bodycolor, powerful shoulders, and meticulously designed LED rear light strip, the exterior design of new Renault Koleos embodies a sharp and athletic style.

The glossy black signature grille is finely detailed, embodying quality performance. The sturdy 20" highland wheels<sup>(1)</sup> enhance the robustness and wideness of the design.

Inside, the light brown color upholstery<sup>(1)</sup>, paired with customizable ambient lighting, creates a refined and soothing aesthetic universe.

(1) on iconic.

# dynamic efficiency engine

New Renault Koleos offers up to 235 hp<sup>(1)</sup> with its 4-cylinder 2.0L turbo engine. It produces powerful acceleration with 350 Nm of torque. It drives smoothly and dynamically, with instant gear changes thanks to its 8-speed step automatic transmission.

4x4 intelligent system

maximum power with 175 kW

6 driving modes<sup>(1)</sup> including off-road

8-speed automatic transmission

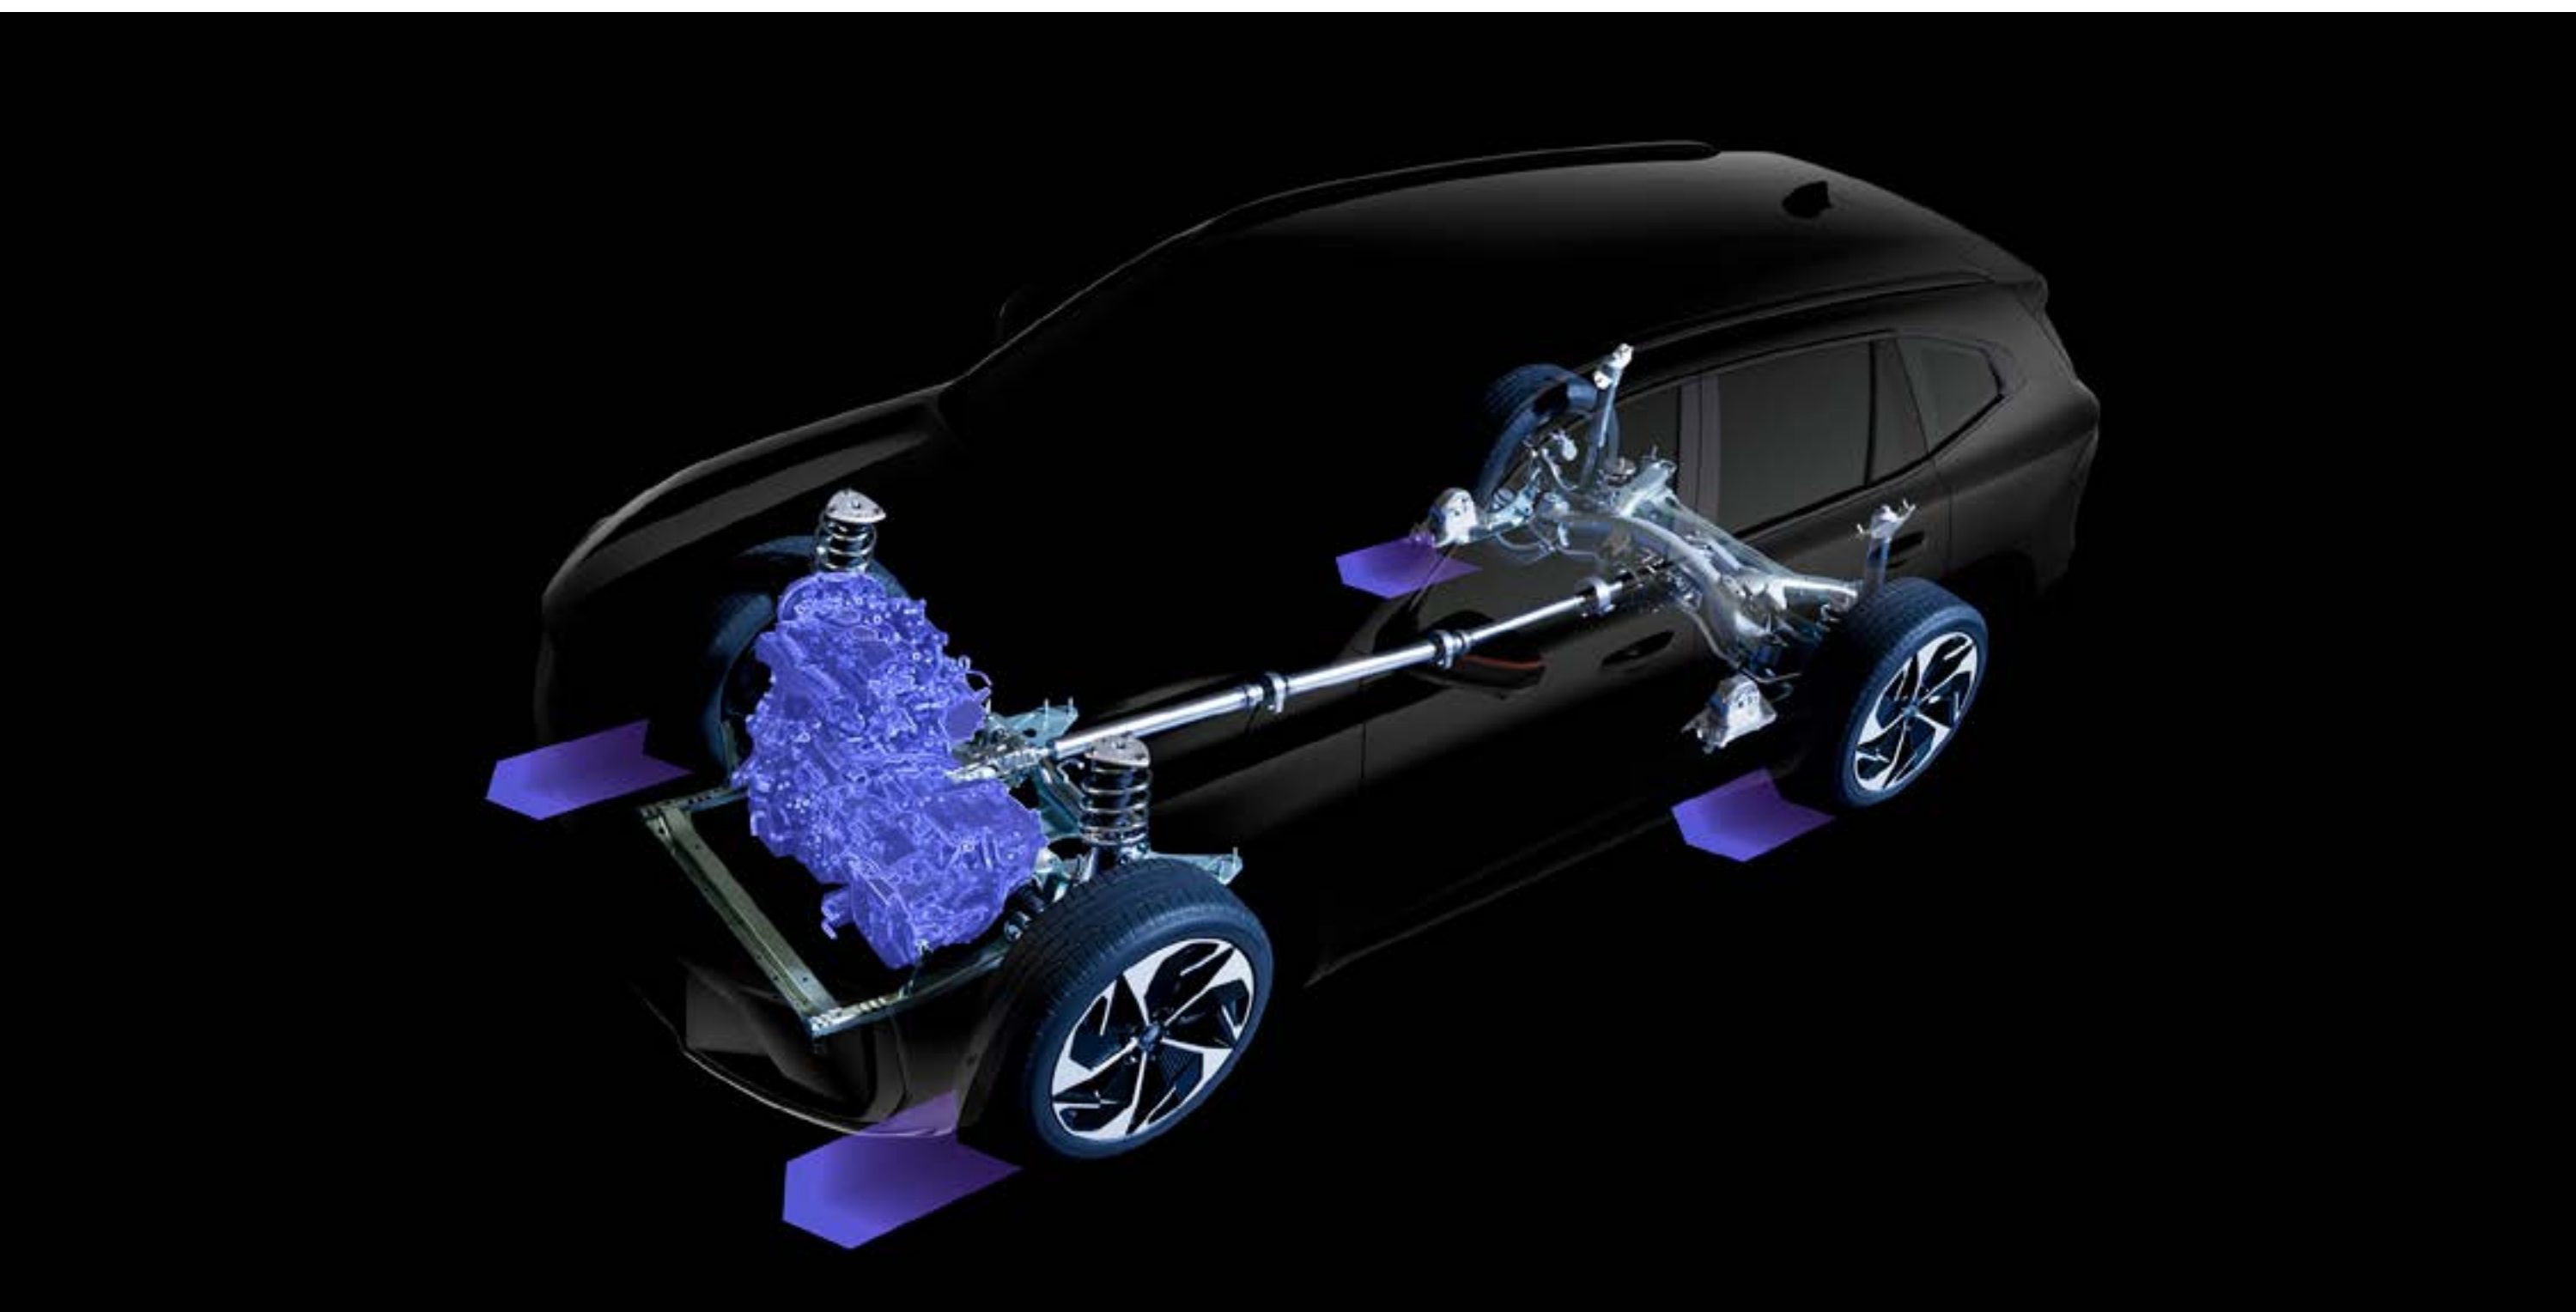

In 4-wheel drive configuration<sup>(1)</sup>, master the terrain by selecting the appropriate driving modes from the 6 options available: comfort, eco, sport, AI, snow, and off-road. For your safety, the descent control system automatically regulates speed based on the slope.

**intelligent 4x4 system**  
Koleos' advanced 4-wheel drive system requires no manual operation, effortlessly adapting to changing road conditions. On smooth roads, it switches to 2-wheel drive to maximize comfort and fuel efficiency. When faced with slippery, muddy, snowy, or challenging terrains, the adaptive 4x4 instantly responds, intelligently distributing torque for optimal traction and control. Whether navigating uphill, accelerating, or handling tight turns, the system ensures superior performance, stability, and comfort in every drive.

With off-road mode, the vehicle optimizes traction and enhances system performance, empowering you to conquer even the most challenging terrains with ease.

05. advanced driver-assistance systems

up to 29 advanced driver-assistance systems

**active driver assist**  
It regulates the speed taking into account the road context, maintains the safety distances and ensures the centering in the lane. When traffic slows down, the vehicle stops and starts again automatically

**head-up display**  
The head-up display<sup>(1)</sup> makes it possible to broadcast data to the driver in his direct field of vision and thus to know the driving information without taking your eyes off the road.

**clearview transparent chassis**  
Through the openR panorama's central display, it helps avoid hazards close to the vehicle, as well as collisions with nearby obstacles.

**full automatic parking**  
It identifies and measures your parking space, and performs all the maneuver automatically.

**evasive maneuver assist**  
It amplifies the driver's steering ability when it is insufficient to avoid a collision by avoid a collision by turning the steering wheel.

**rear automatic emergency braking**  
It detects obstacles in the rear and stops the vehicle automatically in case of danger.

**the human first program  
is a comprehensive safety  
program developed by Renault  
in collaboration with researchers,  
experts and fire-fighters.**

**because road safety is the business  
of all road users - be they pedestrians,  
cyclists or motorists - the human first  
program by Renault undertakes to:**

- 1. prevent accidents by developing safety equipment  
and advanced driving and safety assistance systems**  
  
up to 29 advanced-driver assistance systems more than 60  
safety systems, up to 7 airbags, child seats (Isofix), Renault's  
Fixe4sure solution/more than 2,000 safety-related patents  
filed since 1970
  
- 2. manage accidents once they have happened by drawing  
on innovations developed in collaboration with fire-fighters**  
  
QRescue/Fireman Access/more than 5,000 fire-fighters  
trained over the past 10 years in 20 countries throughout  
the world/around 400 cars given per year for their training
  
- 3. reduce the number of accidents and their severity by investing  
massively in R&D**  
  
safety score/safety coach/connected services/big  
data/artificial intelligence and cybersecurity systems
